

Modelling Coupled and Transport Phenomena in Nanotechnology

Authors: Melnik, Roderick V. N.; Povitsky, Alex

Source: Journal of Computational and Theoretical Nanoscience, Volume 3, Number 4, August 2006, pp. i-ii(2)

Publisher: American Scientific Publishers

DOI: <https://doi.org/10.1166/jctn.2006.3031>

This special issue contains refereed papers based on invited presentations at the special session on “Modeling Coupled and Transport Phenomena in Nanotechnology” of the Third M.I.T. Conference on Computational Fluid and Solid Mechanics, June 14 - 17, 2005.
